References available upon request.

MakeTank intern

Summer 2024

Oxford, OH

Worked as an intern for the non-profit Maketank Inc., during which time I edited together 16 of their Illustrated Memoirs using Adobe InDesign to create "The Illustrated Memoir Project Anthology Vol.1". Additionally did small amounts of work on the organization's website, including advising changes. Also worked on the redesign of the logo for the organization.

Playtester/Scout

Summer 2025

Playtested various games from early alpha stages to late beta versions, providing feedback to developers on systems and gameplay.

Independent game development

2023 - Present

Experience working in Unity with a team for class assignments and Game jams.

Experience working in Unreal Engine for designing Levels and programming interactivity.
